Senior Poem

Now it's time for goodbyes again.
We've seen it all before, but we never thought it would end.
We quietly knew this moment would come,
But secretly we hoped it would'nt happen to us.

We look back at all the special things
That made high school worth the tears and dreams.
The monday morning lows to the friday night highs.
The black and gold could be seen from the sky.

And how we look foward to the next step
Of colleges, jobs and people we have not met.
It's exciting and scary all at the same time.
But we take what we've learned, and we'll be fine.

So don't be sad or upset about the end.
Be happy that you get to start all over again.
New dreams and new friends for you to find.
Just never forget the closeness that was one of a kind.

From the athlete stars to the jazzy art kids,
The all "A" students to the constant sleepy heads.
Our closeness was diverse, but full of pride.
We never stopped putting those "04's" in the sky.
Ben Robbins

The lock ins at the church, james mooning your dad, the concerts at bentwood, us pimping the focus, all of our late night skate sessions, bob skateing naked down the street. Devin- that day in the court yard at school, you getting that wake up call Dustin- Ms.Keys Class, messing with kassi Kassi- you dateing that 13 year old, me and dustin always messing with you

I, **Billy Thompson**, being of over-analyzing mind and large body leave the following: **Praise to my Lord and Savior, Jesus Christ** – All that I am, You have given me. **Seconds2Safety** – The best moments of my life, many hours of rock. **Bryan M.** – Ten years and running, the best friendship I've ever known, the best RPG player alive, many hours of video games, cartoons at any age, laughing at the dumbest things for way too long. **Ben R.** – "the fan's screaming like a grim reaper", late night lyrics, rhyming our way through math class, proving everyone wrong by sticking with football, emo pictures, WAY too much lettuce, our Atlanta trip we WILL take, turns too fast in the Tracker, and the best harmony of my life. **Daniel M.** – Too much gifted, too much Mrs. Walker, calculator watches (mine was better than yours), the same blitz plays, hours of video games, pretending to play instruments

we can't, always here to jam, every weekend at my house. **Drew W.** – Give me a mosh, rockin the praise and worship, SuperWOW, front flips off of everything, backflips later on, too much time at the mall with nothing to do, Best Buy searching, nunchucks and a splash cymbal, and Hatebreed. **Dallas S.** – "I don't see you enough at school", pushed around by teachers, answering the phone too nicely, WAY too much blank paper, "I DID IT AGAIN!", awesome praise drummer, guitars we wish we could own, and the best dancers at Youth, no one can keep up with our moves. **Josiah J.** – Wishing we'd known how close we lived, moshing in the car, harmony to one song, screaming to every song, climbing out of the car window, many late mornings (and many apologies to match), masters at twisting anything into a joke. **John W.** – Making fun of S2S all of the time, umbilical cord, "AHHHHH... BOOM!" poster, a little too much fun in Beaty's class, lots of spades, jamming in your house, swimming too much at your house, and I know I can't do the snap. **Chaz W.** – Guitar to a beat, one great song and parts of others, the best conga player alive, naming the best bands we know, tripping on people that do dumb things, those 4 lines online. **Kyle A.** – serious talks about church, school, and everything in-between, a leader, basketball in your driveway, you're a sucker for anything acoustic, "Welcome Home" always dedicated to you. **Sammy W.** – "The only kid in my neighborhood", knowing each other longer than we can remember, always here to talk, you live too close to start anything with me. **Gary F.** – "The Big Show", BB guns at Daniel's, I STILL owe you for that one time... **Chandler F.** – "Chan the Man", always a word and a song. **Max M.** – Fighting in the yard, messing with Bryan, swimming in the cold. **Jeff W.** – Pulling me out of the mud with the tractor, building the Jamhouse, pictures of the toilet, girls use guys, and where are my shoes? **Lacey H.** – Feels weird that I didn't know you a year ago, prom dates, prom fights, the shortest fights of my life, Joshua Cup, your love for card games, conversations with a four year old, you're only five, hate your truck but love mine, a beautiful voice in a beautiful person. **Paige T.**- Taking my "sister" to prom, the best prom date I could ask for, Chinese food, "Sweet Tea!", you never did anything worth apologizing for, some games should just end, "You are you and I am I". **Katie J.** – Long years of Mrs. Walker, always thinking I'm funny, biting my shoulder, sleeping too much in class, FPS trips and trophies, always a great hug. **Candy M.** – "Prez", always a quote, always a blessing, always someone to talk to, a woman after God's own heart. **Lindsey M.** – Rides to school, you saved me from the bus, the squirrel you hit that ran away, trick-or-treating in your neighborhood, I'm sorry I ever made you feel stupid. **Olivia C.** – It's ok that you're small, jealous that I didn't sit by you?, now you live close so we have to talk, "Let's go outside" EVERY DAY, the most sincere smile, and broken hearts wrapped in duck tape. **Logan G.** – "Now do you feel like you're doing anything wrong?", a very cold football game, "I don't get it!", always friends at the least, and the "shards of broken hearts" picture. **Lauren J.** – We don't talk enough, but we can fix that, telling me about your problems because you know I'll listen, one of the few who smile when I sing, a mean look always followed by a smile. **Christa M.** – Helping you run away from home, jumping on me for hugs, baby crash cymbals, I'm sorry I told Ben to roll over your hood, you always ask me to play your favorite praise songs. **Meri H.** – My Beautiful Bear, hugs everyday, hitting me if I don't hug you, I'm definitely a goat, rides to school from Breakfast club singing emo music, you're the coolest freshman I know. **Christi M.** – You are a mouse, "your" blue hat, jealous of Meri's hugs but always having one for me anyway. **Leane W.** – Long rides when we were bored, growing apart but always there for each other, the opportunity I gave away but I have to wonder about, late night phone calls about nothing. **Ashley M.** – Rides to school, mudbogging by your driveway, never awake in the mornings, saying we needed to talk but never talking. **Nikki R.** – "HEY BILLY!" in the most high pitched voice possible. Always a tickle with the hugs. Don't you ever go home? **Lexie L.** – Lots of "Hey" in the hall, lots of hugs at church, but just a little Lexie all of the time. **Mallory I.** – "You stole my phone!", but mine walks and yours doesn't, wishing I would stay in your class, always a hug with a giggle. **Josh P.** – Jazz band, spades, OD/S2S shows, you're too lanky to dance, always there to give us a hook-up. **Jennifer B.** – You can't talk to me without eating, falling in love with your hair, random questions, strange to find out that you laughed alone, show me your heart. **Lisa D.** – The most bubbly personality and warmest hugs. **Tori A.** – Auto Club trip, just hanging out and being happy, the skatepark shows, not seeing you as much as I'd like, blowing kisses in the hall. **Joseph L.** – Shooting paint cans, trampolines. **Katie A.** – One of the coolest short people I know, always there to talk at church, "I love you" in sign language. **Elaine M.** – Singing the "Madly" solo louder than I can play it. **Torrance O.** – "Mr. McCormick", "Isn't your class next door?", you should listen to rap music. **Warren D.** – Help writing songs and playing guitar. **Bob D.** – Big, crushing hugs very often. **Josh F.** – Dancing and kicking each other in the parking lot. **Chad T.** – You're so buff, Target makes you work too much. **Ray M.** – "We're about to fight", will your hair stick to Velcro? **Jesse S.** – The coolest Midget I know. **To everyone who reads this -** ROCK ON.

Dang- Elaing! My other half, I love you so much. We should have found each other way earlier than we did. But I have treasured the time that I've had with you. From burping the loudest to screaming obscene things across the lunchroom. We do whatever we please and don't care what anyone thinks. We're each others shoulder to cry on and we'll always be there for each other. And we'll always be crazy. Nothing will ever change that. You are and will always be my best friend. I love you!

The whole night through
Playing songs for me and you

Someday baby- You will sing

Close your little eyes
Sleep until you dream
Someday you will know

Chasing clouds away with love

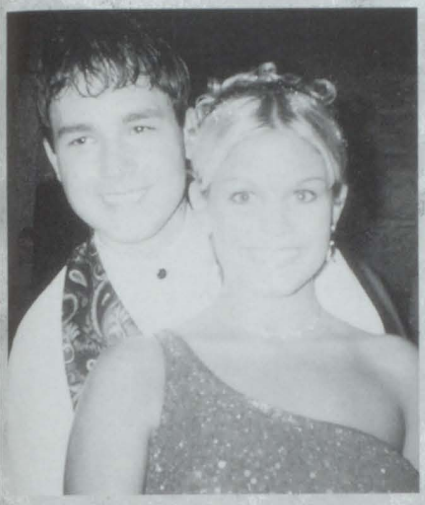
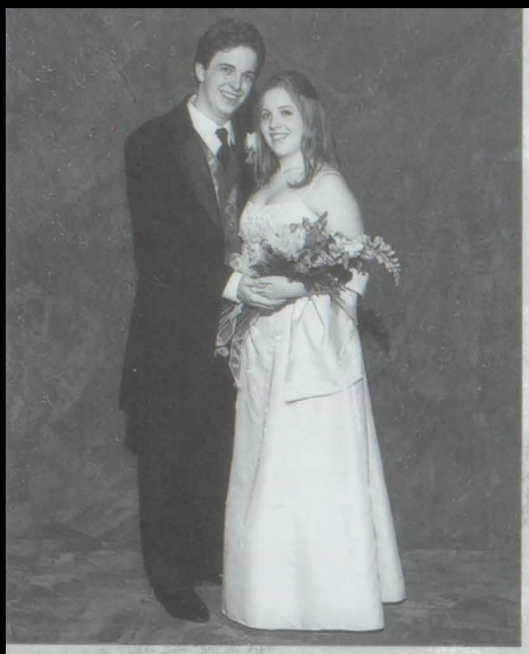
Congratulations on becoming a beautiful and successful senior!!!



Kayci,

You have grown into such a beautiful, smart, young woman. We are so proud of you and what you have accomplished. Our hopes for you have truly become a reality. You have lived up to every one of them. Please know how much we love you and wish you the best in all that you do and all that you are. Our little (grown) baby. Smile, the world is yours for the taking...we love you more than you will ever know.

Mom and Dad



To our dearest Leane,
You are a natural success and have always reached for the best. You have taken life slow and easy and never let criticism bring you down. You have always showed love to your friends and have been devoted to your family. Your prettiness will always turn many faces and your reputation will always be that of an achiever "and then some". You have made everyone very proud.
Thank you for being you!
Love,
Mom and Dad

Ben,

There is nowhere you will ever go that I will not be with you... You are my soul, and my first born... You own a place in my heart, that no other will ever touch or know. I have laughed with you, cried with you, hurt with you, and been so proud of you that words cannot tell you what you have done for me. As much of as I've contributed to your growing up my son, you have, in turn grown me up with your character. With the Lord for your direction, stay the course, and He will see you through, no matter what the circumstances... i love you with an everlasting love, my son.....

Punkin,

My precious, little baby girl has grown up to be a beautiful, young lady in just the blink of my eyes. A child is the most wonderful gift God could ever give a person, and having you is truly a blessing. You have made some awesome choices in your life; and I want you to know that I am very proud of you. For these short years of your being, you have made me laugh and made me cry. But if the truth be known, you growing up and moving on has made me the saddest. This time is really just the beginning of your life's journey. You are a leader not a follower. Make your choices wisely for they will be the foundation of your future. Continue with your education and strive to be the best that you can be. May you always remember that I love you with all my heart and no matter what happens or wherever you go, I will always be your one and only Dad. You are forever in my heart. We love you, sis!! DJ, Chris, Luke, Lindsey, & Cameron. Me, too! Sherry

Congratulations to my seniors!! Thank you for all your hard work and dedication to our yearbook in making it reflect your creativity and uniqueness. If you work half as hard in life as you have for me, then I have no doubt that you will be successful in all that you do. Robie!!

Princess

Robie, I don't even know where to start. I have had so much fun with you over the years. All of the sleepovers we had, the car wash at BOB! and the tons of laughs we have had in class with Kim and the gangs! You are such an inspiration to me and I appreciate everything that you have done for me over the last two years! Thank You! Just remember us when you go off to counsel others kid, cuz I will always remember you and the 2003-2004 Yearbook Staff!! Love Bunches Jess and the gang!

My favorite thing about Robie is that she wants everyone to have a picture frame. Life cannot be complete without a picture frame. She also thinks that this picture frame must include a picture of her. For years we all recieved a picture of Robie on special occasions. She was my secret pal this year. At first I didn't know who it was. The 3rd or 4th gift I got was, you guessed it, a picture frame. I guessed she waited as long as ahe could. She knew it would be a dead giveaway if she sent this right off the bat so she waited a little while. She has been taking care of me for the last few years and I am going to be floundering out there without her telling me when to show up and where. She is a good friend. She is one of a kind, thank goodness, and I love her very much. Peavy

Robie,
We have shared some great laughs and moments in the past three years. I hope we can continue to have them in years to come.
